

Nothnagle Realtors Raises Funds for Volunteers of America Children's Center

Over 140 attendees turned out on August 17th for Nothnagle Realtors' 20th Annual Golf Tournament. For the second year, all proceeds from the event were donated to the Children's Center, located on Lake Avenue in Rochester.

In addition to financial support, Nothnagle and the Volunteers Of America are entering the second year of a partnership that allows branches to volunteer each month at the Children's Center. We're not sure who has been having more fun...the kids or the agents!

The Volunteers of America is delivering a

wide range of programs through their state-of-the-art facility, which serves children from

six weeks through 12 years of age. For more information on the programs offered through

the Volunteers of America, or to learn how you can get involved, visit www.voawny.org.

In addition to corporate affiliations with organizations like the VOA, our individual branches and agents are involved with numerous charities, youth groups and community fundraisers. We do more than just sell houses, we're your neighbors and we give back to the communities where we live and work.

Looking to buy or sell a home? Call a Nothnagle agent directly of 899-MOVE.
